ARCINIEGAS, E.
Management of massive hemoptysis **283**

BARNHART, M. F.
A case of renal thrombotic thrombocytopenic purpura with comments on coagulation and immunofluorescent studies **239**

BARTLETT, P.
Effects of the potent nephrotogenic aminonucleoside of puromycin on phospholipid metabolism in rat kidney cortex subcellular fractions **137**

BEBIN, J.
Clinical pathological conference: Chiasmatic syndrome **223**

The cerebellopontile angle, the blood supply of the brain stem and the reticular formation. **61 and 163**

BEHER, W. T.
X-ray diffraction powder data for steroids: Supplement IX **215**

BERGUER, R.
Angiotensin infusion: A clinical evaluation as a screening test for renovascular hypertension **127**

BICKHAN, R. E.
Addison's disease in half-siblings **157**

BLOCK, M. A.
Duodeno-jejunal injuries following blunt trauma to the abdomen **111**

Serum immunoglobulins in the differential diagnosis between intrahepatic virus jaundice and extrahepatic obstructive jaundice **289**

BOSSART, J. F.
Effects of the potent nephrotogenic aminonucleoside of puromycin on phospholipid metabolism in rat kidney cortex subcellular fractions **137**

BRENNAN, M. J.
Critical analysis of the control of malignant effusions with radioisotopes **3**

CARBONE, A. O.
Gaucher's disease: Case report with stress on eye findings **55**

CONNOLLY, T.
Simple methods for detection of bacteriuria in the physician's office **279**

COX, F.
In-vitro activity of lysostaphin. Bioassay in serum **235**

Simple methods for detection of bacteriuria in the physician's office **279**

DRAKE. E. H.
Electrical conversion of atrial fibrillation: Clinical experience in 185 cases with long term results **195**

ENRIQUEZ, P.
Enzyme histochemistry of the human carotid body **313**

EPKER, B. N.
Nature of bone resorption and formation in normalcy and disease **29**

FINE, G.
A case of renal thrombotic thrombocytopenic purpura with comments on coagulation and immunofluorescent studies **239**

Enzyme histochemistry of the human carotid body **313**

FOX, T. A.
Duodeno-jejunal injuries following blunt trauma to the abdomen **111**

Serum immunoglobulins in the differential diagnosis between intrahepatic virus jaundice and extrahepatic obstructive jaundice **289**

FROST, H. M.
Correlation of the transverse sizes of 6th and 11th ribs in normal and osteoporotic individuals **87**

Nature of bone resorption and formation in normalcy and disease **29**

Tetracycline-based measurements of the bone dynamics in the rib of a girl with hyperphosphatasia. **325**

GARCIA, R.
Electrical conversion of atrial fibrillation: Clinical experience in 185 cases with long term results **195**

HEINZE, E. G., Jr.
Simple methods for detection of bacteriuria in the physician's office **279**

HESSBURG, P. C.
A surgical correlator **267**

HILDNER, F. J.
Congenital erythroblastic hypoplasia. Treatment of transfusion hemosiderosis with Desferrioxamine B **147**

HODARI, A.
Simple methods for detection of bacteriuria in the physician's office **279**

JETT, S.
Tetracycline-based measurements of the bone dynamics in the rib of a girl with hyperphosphatasia. **325**

JONES, D. N.
In-vitro activity of lysostaphin. Bioassay in serum **235**

Simple methods for detection of bacteriuria in the physician's office **279**

KEYES, J. W.
Electrical conversion of atrial fibrillation: Clinical experience in 185 cases with long term results **195**

KEPLINGER, J. B.
Duodeno-jejunal injuries following blunt trauma to the abdomen **111**

Author Index — Volume 16, 1968

KNIGHTON, R. S.
Clinical pathological conference: Chiasmatic syndrome 223

LAM, C. R.
Management of massive hemoptysis 283

LANG, K. F.
Electrical conversion of atrial fibrillation. Clinical experience in 185 cases with long term results 195

LOGRIPPO, G. A.
Serum immunoglobulins in the differential diagnosis between intrahepatic virus jaundice and extrahepatic obstructive jaundice 289

MC CRUM, W. R.
Further comments and experience with bio-medical data processing 251

MC CUTCHEON, S. A.
A case of renal thrombotic thrombocytopenic purpura wtih comments on coagulation and immunofluorescent studies 239

MC MURRY, J. F.
The diagnosis of chronic cor pulmonale 119

MELLINGER, R. C.
Addison's disease in half-siblings 157

MONTO, R. W.
Congenital erythroblastic hypoplasia. Treatment of transfusion hemosiderosis with Desferrioxamine B 147

MORALES, A. R.
Enzyme histochemistry of the human carotid body 313

NEBLETT, T. R.
A quick look at immunofluorescence 97

O'BRYAN, R. M.
Critical analysis of the control of malignant effusions with radioisotopes 3

Hospital involvement in regional medical programs 307

PARKS, R. D.
The diagnosis of chronic cor pulmonale 119

PARSONS, J.
X-ray diffraction powder data for steroids: Supplement IX 215

PATTON, R. B.
Endometrial carcinoma. Report of 441 cases from Henry Ford Hospital, 1923 through 1963 301

Kidney function tests in chronic renal disease: Serum urea nitrogen, creatinine and creatinine clearance 185

PETROZZI, C. F.
Gaucher's disease: Case report with stress on eye findings 55

POLK, M. L.
X-ray diffraction powder data for steroids: Supplement IX 215

QUINN, E. L.
In-vitro activity of lysostaphin. Bioassay in serum 235

Simple methods for detection of bacteriuria in the physician's office. E. G. Heinze, Jr. et al 279

REBUCK, J. W.
Congenital erythroblastic hypoplasia. Treatment of transfusion hemosiderosis with Desferrioxamine B. 147

REMP, D.
Kidney function tests in chronic renal disease: serum urea nitrogen, creatinine and creatinine clearance 185

RUPE, C. E.
A case of renal thrombotic thrombocytopenic purpura with comments on coagulation and immunofluorescent studies 239

SAN DIEGO, E.
Critical analysis of the control of malignant effusions with radioisotopes 3

SANTORO, F.
Correlation of the transverse sizes of 6th and 11th ribs in normal and osteoporotic individuals 87

SILVESTRE, D.
Addison's disease in half-siblings 157

SMITH, R. F.
Angiotensin infusion: A clinical evaluation as a screening test for renovascular hypertension 127

STREHLER, B. L.
Aging: The last and greatest challenge 41

TABER, R. E.
Homotransplantation of the heart: a synopsis 257

Recognition and management of hypoxia in postoperative open heart surgical patients 15

TALLEY, R. W.
Critical analysis of the control of malignant effusions with radioisotopes 3

TOOTLA, A. S.
Duodeno-jejunal injuries following blunt trauma to the abdomen 111

VAN DE KERCKHOF, J.
Recognition and management of hypoxia in postoperative open heart surgical patients 15

VON BRAUCHITSCH, H.
The psychiatric referral 205

WHITEHOUSE, F. W.
Double screening for diabetes 188

Subject Index — Volume 16, 1968

ABDOMEN, BLUNT TRAUMA. Duodenojejunal injuries following blunt trauma to the abdomen. J. B. Keplinger et al **111**

ABSTRACTS. Titles and selected abstracts of recent publications by the staff of Henry Ford Hospital and the Edsel B. Ford Institute for Medical Research **103, 189, 271, 339**

ACOUSTIC TUMORS, STUDY OF. The cerebellopontile angle, the blood supply of the brain stem and the reticular formation. J. Bebin **61 and 63**

ADDISON'S DISEASE. Addison's disease in half-siblings, R. E. Bickhan et al **157**

ADRENAL INSUFFICIENCY. Addison's disease in half-siblings. R. E. Bickhan et al **157**

AGING. Aging: The last and greatest challenge. B. L. Strehler **41**

AMINONUCLEOSIDE - NEPHROSIS. Effects of the potent nephrotogenic aminonucleoside of puromycin on phospholipid metabolism in rat kidney cortex subcellular fractions. P. Bartlett and J. F. Bossart **137**

ANGIOTENSIN INFUSION. Angiotensin infusion: A clinical evaluation as a screening test for renovascular hypertension. R. Berguer and R. F. Smith **127**

ATRIAL FIBRILLATION. Electrical conversion of atrial fibrillation. Clinical experience in 185 cases with long term results. R. Garcia et al **195**

AU^{198}. Critical analysis of the control of malignant effusions with radioisotopes. R. M. O'Bryan et al **3**

BACTERIURIA. Simple methods for detection of bacteriuria in the physician's office. E. G. Heinze et al **279**

BIO-ASSAY IN SERUM. In-vitro activity of lysostaphin. Bioassay in serum. D. N. Jones et al **235**

BLEEDING. Management of massive hemoptysis. E. Arciniegas and C. R. Lam **283**

BLOOD SUPPLY OF THE BRAIN STEM. The cerebellopontile angle, the blood supply of the brain stem and the reticular formation. J. Bebin **61 and 163**

BONE. Correlation of the transverse sizes of 6th and 11th ribs in normal and osteoporotic individuals. F. Santoro and H. M. Frost **87**

Nature of bone resorption and formation in normalcy and disease. B. N. Epker and H. M. Frost **29**

BONE DISEASE. Tetracycline-based measurements of the bone dynamics in the rib of a girl with hyperphosphatasia. S. Jett and H. M. Frost **325**

BONE FORMATION. Tetracycline-based measurements of the bone dynamics in the rib of a girl with hyperphosphatasia. S. Jett and H. M. Frost **325**

CANCER. Endometrial carcinoma. Report of 441 cases from Henry Ford Hospital, 1923 through 1963. R. B. Patton **301**

CARCINOMA. Endometrial carcinoma. Report of 441 cases from Henry Ford Hospital, 1923 through 1963. R. P. Patton **301**

CARDIOVERSION. Electrical conversion of atrial fibrillation: Clinical experience in 185 cases with long term results. R. Garcia et al **195**

CAROTID BODY, HUMAN. Enzyme histochemistry of the human carotid body. G. Fine et al **313**

CEREBELLOPONTILE ANGLE. The cerebellopontile angle, the blood supply of the brain stem and the reticular formation. J. Bebin **61 and 163**

CHELATION OF IRON. Congenital erythroblastic hypoplasia. Treatment of transfusion hemosiderosis with Desferrioxamine B. F. J. Hildner et at **147**

CHIASMATIC SYNDROME. Clinical pathological conference: chiasmatic syndrome. R. S. Knighton and J. Bebin **223**

CLEARANCE, CREATININE. Kidney function tests in chronic renal disease: Serum urea nitrogen, creatinine and creatinine clearance, R. B. Patton and D. Remp **185**

COAGULATION. A case of renal thrombotic thrombocytopenic purpura with comments on coagulation and immunofluorescent studies. S. A. McCutcheon et al **239**

COMPUTER. Further comments and experience with bio-medical data processing. W. R. McCrum **251**

CONGENITAL ERYTHROBLASTOPENIA. Congenital erythroblastic hypoplasia. Treatment of transfusion hemosiderosis with Desferrioxamine B. E. J. Hildner et al **147**

CONSULTATION, PSYCHIATRIC. The psychiatric referral. H. von Brauchitsch **205**

COR PULMONALE, DIAGNOSIS. The diagnosis of chronic cor pulmonale. J. F. McMurry and R. D. Parks **119**

CREATININE CLEARANCE. Kidney function tests in chronic renal disease: Serum urea nitrogen, creatinine and creatinine clearance. R. P. Patton and D. Remp **185**

CREATININE, SERUM. Kidney function tests in chronic renal disease: Serum urea nitrogen, creatinine and creatinine clearance. R. B. Patton and D. Remp **185**

CREATININE, URINE. Kidney function tests in chronic renal disease: Serum urea nitrogen, creatinine and creatinine clearance. R. B. Patton and D. Remp **185**
